Visual Designer &
Creative Technologist
New York, NY

Nio Jin works across brand systems, motion, and interactive media, attentive to the details that shape how people perceive and experience things, turning overlooked friction into opportunities.

PROFESSIONAL EXPERIENCE

Independent Builder & Designer
Self-employed
08/2026–Present

Conducting market research and developing software products from early concepts to working prototypes, alongside work in web design and audio-reactive real-time visuals.

Contract Brand & Visual Designer
Amplift.AI
06/2026–07/2026

Developed the visual identity and motion language for a communication product, translating early product concepts into a cohesive visual system across digital and motion applications. Worked directly with the founder from concept through execution.

Code Tutor
The New School: Parsons School of Design
02/2025–05/2026

Guided students through interactive web and creative coding projects from concept development and visual structure to implementation and debugging, bridging design decisions with HTML, CSS, and JavaScript.

SELECTED COLLABORATIVE EXPERIENCE

NSSR Perception Lab
07/2026–Present

Collaborate with professors and PhD researchers on visual perception research and experimental development.

ByteDance & Tongji University
09/2025–12/2025

Collaborated with graduate researchers and ByteDance teams to develop AI-generated visual concepts and assets using early-stage Dreamina.
